4. Action:
5. Other business:

DNR has been very difficult to reach regarding the question of whether or not Cemstone's proposed building site is in the floodplain. Martha will continue to try to reach them.

Cemstone has not yet been invited to attend a meeting to discuss noise mitigation. This can be combined with a discussion of the proposed building site.

A letter will be sent to Dan Eibs inviting him to the next p&z meeting to discuss the agreement he made with Tom Graham regarding a reclamation plan, and also, to discuss the motion made at the Annual Town Board Meeting to present to the residents of Jessenland Twp. a chance to vote on whether or not to keep the planning and zoning commission.

6. Adjourned
7. Next regular meeting: May 16, 2016, 7:00 p.m.
