Thomas Wavrin presented examples of the new township mapping that he has been working on and explained how much it improves upon the current mapping that the township uses. He created a map book showing each section individually, similar to the 2006 maps that show the parcels and numbers. He also created a map book with the zoning for each section and included aerial imagery underneath to assist with identification of the surface cover with how it relates to the zoning. He will look into getting an enlarged township map to be posted in the Town Hall. The new maps will be put onto the township website.

Discussed whether C.U.P. renewals, such as for the 3 event barns in the township, should be replaced with Interim permitting. Martha will create a template of conditions that should be considered for C.U.P.s, such as event barns.

6. Adjourned. (Steve/Rosemary/Passed)

7. Next regular meeting: **June 26**, 2023 7:00p.m.
